

STARCREST ALCORCON

ROBOTICS | COMPUTER SCIENCE | DESIGN TECHNOLOGY | CYBERSECURITY

Chiang Mai, Thailand | alcorconstarcrest@gmail.com

PROFILE

High School and Middle School Technology educator with 10+ years of international-school experience across Design Technology, Food Technology, computer science, robotics, and AP Cybersecurity. Experienced in hands-on, design thinking, inquiry-driven learning, and outdoor education through Girl Scouts, leading Grades 4-10 in camping, trekking, woodworking, outdoor cooking, and team challenges.

CORE EXPERTISE

AP Cybersecurity	Education Technology	Design Technology	CAD & 3D Printing	Food Technology
Computer Science & Coding	Robotics Engineering	AI & Digital Literacy	Curriculum & Assessment	Project-Based Learning

PROFESSIONAL EXPERIENCE

CHIANG MAI INTERNATIONAL SCHOOL | Chiang Mai, Thailand

JUL 2025 - PRESENT

High School AP Cybersecurity Teacher | Middle School Computer Science, Robotics & Design Technology Teacher | AFAC Robotics & Game Design Coach

- Developed secondary Design Technology projects using CAD, 3D printing, iterative prototyping, design documentation, testing, and evaluation; high school work included 3D prints, while Grade 7 students produced controller-based games for elementary clients.
- Integrate design thinking, CAD, electronics, robotics sensors, machine learning and digital fabrication to connect learning with real-world applications such as an intelligent sorting trash can
- Launched and taught the AP Cybersecurity Career Kickstart program's first international cohort outside the United States (2026), creating standards-aligned curriculum, assessments, hands-on learning, and teacher resources.
- Established a high-school-to-middle-school mentorship pathway, enabling 5 high school leaders to earn service hours while coaching younger robotics teammates.
- Expanded the Robotics Club from 2 to 4 official VEX teams and increased middle school female participation from 2 to 8 students.
- Designed a vertically articulated Grades 6-8 robotics and design technology curriculum with learning progressions, formative assessments, and performance rubrics, helping move robotics from an after-school club into the curriculum.
- Led professional learning for educators and a parent technology coffee on healthy digital habits, supporting families in creating Family Tech Plans and using curated resources.
- Served as an advisory teacher, implementing SEL practices that supported student wellbeing, reflection, relationships, and a strong sense of belonging.
- Supported and supervised students during Week Without Walls experiences, fostering independence, teamwork, resilience, and learning beyond the classroom.

INTERNATIONAL SCHOOL MANILA | Manila, Philippines

AUG 2013 - June 2025

ES/MS EdTech Integrator | MS/HS Gourmet Chef Coach (2014-2022) | Bearcat Summer Academy Faculty (through 2025) | Activities Head Coach | EAL Teaching Assistant

- Launched and grew ES/MS offerings in robotics and coding, Techbits, digital design, stop-motion, makerspaces, AR, and VR.
- Coached, mentored, and co-taught with educators across Grades 1-6, strengthening technology integration, digital literacy, and inquiry-based learning.
- Founded and led ISM's Food Gourmet Club and summer camps (2014-2022), teaching food preparation and hygiene, cooking, baking, multicultural cuisine, food science, and healthy nutrition. Sustained student interest contributed to Food Technology becoming an official elective at ISM.
- Led a Google Educator initiative that supported 50 educators in completing professional development and earning Level 1 and/or Level 2 credentials.
- Helped establish and sustain ISM's robotics and technology Bearcat Summer Academy offerings as a pioneer coach (2017-2025), with typical waitlists of approximately 50 students.

EARLIER SECONDARY & ROBOTICS EXPERIENCE

DA VINCI BRICKS | Metro Manila, Philippines

2015 - 2019

Robotics Teacher & Consultant (Part-time)

- Co-led program planning, marketing, and implementation, helping secure contracts with two private schools in Metro Manila.
- Designed, delivered, and evaluated curriculum-aligned robotics programs; trained and onboarded new robotics instructors.

MARIA MONTESSORI FOUNDATION | Manila, Philippines

AUG 2009 - JUL 2013

Secondary Teacher/ Girls Scouts Platoon Leader

- Taught Grades 7-11 English and Literature, aligned curricula to Common Core Standards, and supervised advisory activities, outreach programs, field trips, and student fundraising events.
- Led Grades 4-10 students in experiential outdoor education, including camping, trekking, boating, woodworking, tent setup, fire building, and outdoor food preparation.
- Developed students' leadership, resilience, teamwork, problem-solving, and practical life skills through hands-on outdoor challenges.
- Planned and supervised activities, managing logistics, risk awareness, and student safety while fostering student independence and collaboration.

EDUCATION & CREDENTIALS

EDUCATION

Master's in Educational Leadership National Teachers College - 12 units completed; ongoing

Bachelor of Secondary Education Philippine Normal University

Professional Licensed Teacher April 2010 - present

CERTIFICATIONS

AP Cybersecurity Teaching Certification - Jul 2026

IB MYP Workshop Certification - May 2026 ISTE

Certified Educator/Coach - 2024 Google Certified

Educator - Levels 1 & 2 VEX Robotics Certification

Apple Teacher - 2020

LEADERSHIP & WORKSHOP PRESENTATIONS

- AIFE 21st Century Learning Presenter - Yokohama International School, Apr 2026 | AI Literacy for Middle School Students
- EARCOS Middle School Workshop Presenter - South Saigon International School, Jan 2026 | Collaboration and Feedback Across Middle School Students
- EARCOS Teacher Workshop Presenter - Shangri-La Bangkok, Mar 2024 | Bridging the Scale Gap - STEM
- ISM Learning Byte Speaker - International School Manila, 2023-2024 | AR/VR and technology integration
- ISM WASC Mid-Cycle Implementation Committee - 2024

SELECTED PROFESSIONAL LEARNING

- AP Cybersecurity Career Kickstart - Shanghai, Jul 2026
- IB DP Design Technology Workshop - registered Oct-Nov 2026
- Introduction to Engineering Design - Sep 2026
- IB MYP Design Workshop - May 2026
- AI and the Future of Education - Yokohama, Apr 2026
- VEX in the Classroom - Bangkok, Mar 2026
- EARCOS Middle School Workshop - Ho Chi Minh City, Jan 2026
- EARCOS Teacher Conference - Bangkok, Mar 2024
- 21st Century Learning - Bangkok, May 2023
- 21st Century STEAM Maker Summit - Oct 2023
- 21st Century EdTech Symposium - Mar 2023
- Harvard Visible Thinking - Feb 2020
- Kath Murdoch Inquiry Learning - Nov 2019
- Learning 2.0 - Nanjing, 2019; Tokyo, 2018
- Understanding by Design - Jan 2014
